

Unification of customs legislation – Current issues and perspectives

Wednesday, June 21st, 2017, From 17:00 to 19:00 (Central European Summer Time – Paris, Berlin)
From 11:00 to 13:00 (Eastern Time – New York, Washington)

– Customs Code of the EAEU

- Fundamental changes. National and supranational regulations in the Customs Code of the EAEU

– Upcoming trends in the customs administration

- Autoregistration and automatic release
- Electronic declaration
- Risk control
- Free Trade Area (FTA)

– Authorized economic operators: new opportunities

– Conformity documents regulation and upcoming changes

– Questions & Answers

The main trend in customs regulation during 2017 is a significant simplification of customs procedures and their further transformation into electronic form.

Innovation in legislation greatly simplifies and accelerates the implementation of customs operations, ensures their unification within the Customs Union.

This gives hope for improving business climate, increasing trade volumes and developing the economies of the EAEU countries.
